FOR IMMEDIATE RELEASE

DIETZ PROPERTY GROUP'S BRIAN R. SALLIOTTE RECEIVES INDUSTRY RECOGNITIONS

BIRMINGHAM, MICHIGAN – September 15, 2009 – Dietz Property Group, one of Michigan's leading real estate acquisition and property management companies, is proud to congratulate Brian R. Salliotte, Director of Commercial Management, on receiving his Real Property Administrator (RPA) professional designation from BOMI International.

BOMI International is a non-profit organization formed in 1970 to provide comprehensive continuing education in the complex issues involved in the ownership, management and operation of major office and commercial buildings. The RPA designation indicates that Salliotte has completed a program of in-depth courses on building systems, life cycle costing, energy management and the environment, insurance and legal issues, finance and asset management.

This designation comes on the heels of Salliotte's nomination for the esteemed Property Manager of the Year recognition through BOMA Detroit. This award is given to those who exemplify outstanding leadership and achievement in commercial real estate management while exceeding expected standards of service and professionalism. The 2009 Awards will be presented at a black tie gala this October at the Detroit Yacht Club.

"We are pleased to support Brian's dedication to staying on the cutting edge of developments in property ownership and management issues," said Brian Dietz, the company's president. "He is a valuable asset and we look forward to celebrating his continued success."

Salliotte is a key member of the experienced team leading Dietz's recently expanded third-party property management services. This strategic corporate shift towards property management services was designed as a forward-thinking response to the needs of clients and property owners. Widely recognized as a diversified acquirer, owner and property manager of investment real estate, Dietz Property Group currently operates more than 3.0 million square feet of apartment, office, industrial and retail properties in Michigan, Ohio, Indiana, Kentucky and Missouri.
